

## LIST OF INSTITUTIONAL CLEANERS TESTED ON BATH FITTER® ACRYLIC PRODUCTS

The following is a list of cleaners that showed no harmful effects when recently tested on BATH FITTER® acrylic surfaces.

**IMPORTANT NOTE: WHEN CLEANING YOUR BATH FITTER® PRODUCTS, USE ONLY CLEANERS LISTED BELOW.**

All products must be used as directed on their labels, including diluting with water where necessary.

**Caution:** Many manufacturers make similarly named products. **ONLY** the specifically named products listed here have been tested and determined to be safe.

It is important that you visit our web site regularly to get an updated copy of this list as we routinely update it. To access the most up-to-date list, go to [www.bathfitter.com](http://www.bathfitter.com), enter the "Cleaning & Maintenance" section and click on "Institutional Cleaners".

Always rinse any cleaning product off the tub and wall surfaces immediately. Cleaners should not be allowed to remain on the acrylic surfaces for any length of time. Harsh scrubbing or prolonged soaking will not be necessary. Avoid harsh chemicals, disinfectants, and chemical drain cleaners

The use of cleaners not recommended for use on acrylic may cause serious damage. Repair or replacement made necessary by the use of inappropriate cleaners is not covered by the manufacturer's warranty.
